Frequency of the Board Meeting and Academic Advisory Body

- The Board Meetings are conducted quarterly, and recent was held in December 2021,
- The Academic Advisory body meetings are conducted half-yearly, and the last meeting was held in September, 2021.

Organizational chart and processes:

Nature and Extent of involvement of Faculty and students in academic affairs/ improvements:

- Digital Learning
- Faculty Development Workshops
- Coursera
- Harappa
- Digital Learning Tools
- Blended Learning
- Flipped Class Room

Mechanism/ Norms and Procedure for democratic/ good Governance:

Good governance is especially important in higher education, because a university is, in many ways, a much more complicated organization than a business, and governance in higher education must provide a framework for a truly variegated group of stakeholders. Nonetheless, the basic principles of corporate governance find application in higher education governance as well.

Having principles that are analogous to those in business does not mean that leadership in higher education should behave like businesspeople. What it does mean is that good governance structures the way in which leadership pursues its objectives — in any organization

Student Feedback on Institutional Governance/ Faculty performance

The University has developed a Student feedback portal with a set of questionnaires to assess the performance of the course and faculty. The feedback is taken twice a semester, and concerned heads for follow-up of improvement analyze reports.

The snapshot is herewith enclosed.

Innovation Cell:

Venture Development Centre (Innovation Cell):

This quote from Lucius Seneca, a Roman philosopher from the c.4 BC, is still very relevant and apt these days, even with all the technological and economic growth that we have seen over the centuries. GITAM Venture Development Centre (VDC), under the aegis of GITAM University Institute for Development of Entrepreneurship (GUIDE), has dared to venture.

VDC aims to be this vibrant microcosm that will build and nurture a larger culture of entrepreneurial ecosystem, to which you are invited. Given the fact that more students in India are graduating each year outnumbering the number of jobs being created, wouldn't it be wise to nurture our students to be job creators than job seekers. That is the ethos behind this focused initiative from GITAM management.

As part of this commitment, GITAM is proud to partner with Northeastern University, Boston to harness their globally renowned expertise in venture development. Northeastern University has designed a Venture Discovery entrepreneurship program, which introduces students to entrepreneurship concepts through a novel hands-on learning methodology, and helps stir up outside-the-box thinking to discover the entrepreneur among the students. By the time a student completes this program, she or he is expected to have gone through a moderated thought process at approaching and solving a problem in a user-centric fashion. Some of them may have matured to a level where they have a well thought-out idea for a startup. At the next level, Northeastern's flagship NU-IDEA Ready-Set-Go program takes interested students through a structured venture development process, using which they conceive and incrementally develop their raw ideas into viable businesses and launch them commercially. The attached Figure-I explains the entrepreneurial engagement process from the time a student comes in to the college, to the time they graduate. The aim is to have a business plan ready by the time they graduate, for those interested to pursue a venture.

Venture Development Centre is an abode for various entrepreneurial activities on campus. The centre helps student entrepreneurs to pre-incubate their ideas and develop them into business plans by providing immense guidance. It tries to create an urge in students to work towards their entrepreneurial skills. Various events like entrepreneurship workshops, boot-camps, idea competitions, speaker series and many more such planned events builds the entrepreneurship ecosystem, where students, faculty, staff and community are active participants.

As they say "Fail to Plan is a Plan to Fail". Typically entrepreneurs fail: due to lack of a robust business plan, which could be due to lack of feasibility in their idea, lack of mentoring and coaching, which needless to say will lead to a bad pitch and failed venture

funding. VDC recognizes these pitfalls and hence plans to provide necessary exposure and mentorship to help entrepreneurs draw feasible ideas, mentor them and help them pitch their ideas to invited investors for funding.

The life-blood for an entrepreneurial ecosystem to flourish comes from the activities of students. Entrepreneur Club (E-Club) would be the microcosm that is owned and operated by students, where all student activities will kick-off from. E-Club is a 100% student run initiative that creates awareness about entrepreneurship among students, faculty and staff. E-club is organized into action groups which conduct various activities, where young entrepreneurs can discuss and debate on numerous ideas and hone their skills to fine- tune a feasible idea. Each position in the E-Club is voluntary and for a one-year duration. One of the top two positions and at least 50% of the remaining positions in the structure of this club shall be held by women students.

Activities:

VDC is a pre-incubation centre, where we help students ideate, visualize, build prototypes, create a business plan and pitch to venture capitals fund for funding. GITAM has also set aside seed/gap fund that eligible students can tap for their prototype building. Whatever venture path they choose, we encourage them to simply "Live their passion!"

Curriculum:

Venture Discovery (VDC111): course is introduced from this 2020-21 academic year, for all programs and campuses of GITAM. This is a 2-credit course that will introduce freshers into the entrepreneurial world and the opportunities that awaits them, where creativity has no-bounds. The current year we plan to cover 7,000 students over 126 sections. The first 58 sections are covered in Semester-I and the rest to follow in Semester-II, to ensure optimal utilization of the facilitators. We believe that this course will raise the curiosity of students on venture creation and will be a feeder to the Ready- Set-Go program.

Principles of Entrepreneurship (PoE): This is an online module available for all students from 2nd year to final year, Research Scholars and Alumni. It is a self-paced learning module, where the participant will be provided access to the NU-IDEA PoE modules and they can get a quick overview of what entails to be an entrepreneur. Figure- 1 elaborates on the various student engagement programs offered during their studies.

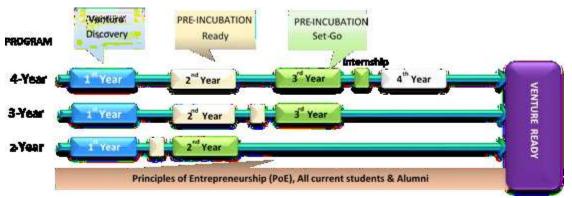

Figure-1: Student Venture Engagement Programs

Internships:

The Ready-Set-Go module of NU-IDEA was offered as internship for students. On completion of the Ready (20-modules) students need to pitch their idea to a panel, based on which they are given internship credits. In total we had close to 230 students register for the event with almost 75 startup ideas.

Entrepreneurship Club (E-Club):

E-Club is organized into Action Groups, with each group focusing on planning and organizing a set of activities throughout the year. Here's a sample of such activities:

Speaker Series: An entrepreneur, a business executive or a prominent personality is invited to speak and share his or her professional or life experiences and inspire members of the campus community. Till date four speaker series are arranged.

Workshops and Bootcamps: A series of workshops and bootcamps on topics of entrepreneurship are conducted for general education and awareness among students, alumni, faculty and staff. Till date three workshops and bootcamps are arranged.

SmartIDEA Contests: Business idea competitions to encourage and recognize innovative thinking. So far conducted two SmartIDEA contents.

Chai Chats: Periodic informal events to meet like-minded people interested in common topics, such as, technology, food, sports, etc. Till date we were able to conduct two chats, as the lockdown has hampered this activity.

MySOIL (Societal Outreach for Individual Learning): encourages students to develop an awareness of problems and challenges faced in the communities around them, and help solve them collectively with innovative and entrepreneurial approaches. This team reached out to the local NGOs to understand the need of the society and also conducted one session with a GITAM alumni entrepreneur.

WISE (Women Initiated Social Entrepreneurship): promotes entrepreneurship among women, including assistance to self-help groups. The group is working in partnership with

the Women's Wing of Vizagapatam Chamber of Commerce & Industry to help 40 women entrepreneurs within the city to enhance their business. For this coaches and students are assigned to each business to study, research and provide recommendations of how to grow their business.

FUEL (FUture Entrepreneurs and Leaders): Through this initiative, students reach out to schools and colleges in the nearby communities, and conduct programs to encourage entrepreneurship and innovative thinking among students of middle schools, high schools and junior colleges. The team reached out to local schools and have obtained permission to conduct events within their schools to create awareness for students.

Departmental Club (D-Club):

A typical startup venture, needs to understand the various aspects that goes into creating a successful business. To name a few, identify a go-to market strategy, determining the price point at which to sell their product or service based on competitor's price, building a user-friendly web interface, understanding the laws governing the patent, copyright and company registration process, etc. D-Club's main aim is to channelize departmental expertise to the student startups, who depend on them to hone their skills. D-Club is again a student run departmental body, who will seek and channelize the trove of domain specific faculty expertise to the ventures that need them. Ventures needing such expertise, will route the request through E-Club and Venture Coaches, who will then get in touch with D-Club, to organize expert talks or individual expert advice. We request each department to come forward with their respective D-Club, that can offer services in their domain of expertise for the benefit of the student ventures. This should be run by students and mentored by a faculty from the department.

Competitions:

SmartIDEAthon: This was a competition to generate student interest and ideas. In total we had about 130 smart ideas and around 40 of them are building on their ideas.

CovidIDEAthon: This was a competition held to generate ideas that can help the community in these difficult times. Any idea that can alleviate the burden due to this pandemic was welcomed. In total there were 15 ideas and some of them are working to pre-incubate these ideas.

Extra-Curricular Activities:

The University encourages the students to join in NSS with an objective to channelize their energies and capabilities towards nation building activities. At all the three campuses at present there are 16 units of NSS for boys and 07 units for girls. These NSS units are regularly participating in extension programs such as Swachh Bharat, tree plantations, clean and green, health and hygiene awareness programmes, prevention of AIDS, women empowerment, blood donation, campaigns on communal harmony, etc. A group of 116 students - consisting of 66 boys and 50 girls have joined NCC wings and actively participating in extension activities organized every year. Both NSS and NCC wings are helping the students to develop their personality and are playing a vital role in the upliftment of society.

The University started Kalakrithi, a youth club, to provide a platform to the student community to exhibit their talents in the culture and music of different parts of the country. The necessary infrastructure was developed in the form of both indoor and open auditoria for organizing cultural programmes. In addition, students are also deputed to participate in youth festivals organized by various universities/institutions every year.

STUDENTS CHAPTERS AND CLUBS:

COMPUTER SOCIETY OF INDIA (CSI)

GITAM CSI Student Branch was introduced on 1 April 2009 in order to inculcate the professional elements provided by the student branch to its students. It comprises of over 500 students, currently. Under the aegis of CSI Student Branch, GITAM, several events like fests, workshops, seminars, social activities, and internal training sessions through student maintained clubs are regularly held. These activities help the students in imparting the ideas and knowledge required in this fast growing IT enhanced world.

INSTITUTION OF ELECTRONICS AND TELECOMMUNICATION ENGINEERING (IETE)

Founded in 1953, the Institution of Electronics and Telecommunication Engineers (IETE) is a leading professional society devoted to the advancement of science and technology of electronics, telecommunications, and IT.

INSTITUTE OF ELECTRONICS AND ELECTRICAL ENGINEERS (IEEE)

IEEE Student Branch, GITAM (Deemed to be University), the largest technical professional organization heightens the integrity of the members with its several conferences, technology standards, professional and educational activities. IEEE Student Branch, GITAM(Deemed to be University) being very enthusiastic in its technological facets, has many active technical societies which are a vital partaker in research, analysis, and knowledge, these are APS(Antennas and Propagation Society), SPS(Signal Processing Society), RAS(Robotics and Automation Society), CS(Computer Society), PES(Power and

Energy Society) and WIE(Women in Engineering). The IEEE team of GITAM(Deemed to be University) is highly dynamic with involvement of various activities like charity and social services. Along with this, there are a lot of non-technical aspects to offer like the career and organizational management and improving interpersonal skills of the members and the technical aspects which translates into an exchange of scientific and technological knowledge that is very beneficial in various perspectives. IEEE Student Branch, GITAM(Deemed to be University), believes in the idea of compassion as one of our main objectives to strengthen the present for a better tomorrow.

GITAM CENTRE FOR INCUBATION AND ENTREPRENEURSHIP DEVELOPMENT (GCIED)

GCIED prefers to be an ecosystem that favors sustainable start-ups where ideas result in the making of a wholesome market product. We hope to bridge the gap between the people and the problems they face. At GCIED, every start-up acts as a mentor to one another and this process creates a favorable learning arena. We believe that a business can only be sustainable when it receives recognition and it also strives to create innovative forums for the product. Our fundamental goal is to establish the fact that entrepreneurship is an actual career path and has the ability to make one successful and achieve excellence.

GITAM UNIVERSITY SCIENCE AND ACTIVITY CENTRE (GUSAC)

Started in the year 2011. The GUSAC team is privileged to invite the students across the GITAM. After tutting in continuous untiring efforts, we have been successful in launching a science and activity centre at GITAM.

KALAKRITHI

"If you have talent, why not showcase it on a better platform". This is the most appropriate line that defines the prestigious cultural club of GITAM famously known as Kalakrithi. As the name suggests, it defines the true meaning of creation of art. It is a giant club which never fails to bring out quality talent in various fields like music, dance, dramatics and creative arts every year with its valuable auditions.

G-STUDIO

Started in the year 2013. G-studio which stands for GITAM studio, is a student based group which was formed by a group of ambitious, skillful and creative students from GITAM, aiming at portraying the name of GITAM to the outside world in an exceptional way as well as living their own dreams.

NATIONAL CADET CORPS

Aim: To develop character, comradeship, discipline, leadership, secular outlook, spirit of adventure, and ideals of selfless service amongst the youth of the country. To create a human resource of organized, trained and motivated youth, to provide leadership in all

walks of life and be always available for the service of the Nation.

GITAM NATIONAL SERVICE SCHEME

The National Service Scheme (NSS) is under the Ministry of Youth Affairs and Sports of the Government of India. Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year, 1969, in 37 Universities involving 40,000 students with a primary focus on development of personality through community service. GITAM encourages its students to join NSS and Inspires and motivates them to play their part in bringing about awareness among the public on various issues. https://nss.gitam.edu/

Soft Skill Development Facilities:

The following are the facilities provided for skill development:

- Language labs are established in each institute to give training to students to enhance their communication skills.
- Computer labs are available in each institute to train students in computer skills. Incubation centres are established to facilitate entrepreneurship.
- Debate competitions are organized to improve presentation and communication skills of students.
- The identified Best Speakers are duly rewarded with cash prizes.
- State-of-the-art Moot Court is developed in the School of Law to expose the students to a real court environment and develop professional skills.

Internal Continuous Evaluation System and place:

The evaluation system comprises of two components, viz., Continuous Assessment and semester/trimester-end examination. Two/three mid-semester/ trimester tests, subject quizzes, student seminars, etc., constitute the continuous assessment. The end-semester/trimester exam forms the final assessment and the aggregate of both indicate the performance of the student in the concerned semester/trimester.

The details can be found at

Best Practices adopted, if any:

COURSERA PARTNERSHIP:

In adapting to the future learning needs and in line with our interest as a University to have a strong digital presence, GITAM made a 3-year partnership with Coursera. One of the world's largest online learning platform, Coursera will enable our students to access their high-quality library of courses from top universities around the world. For the first three months, we have half the licenses that will be used to sensitize faculty to the platform further and enable students to do courses that will help them prepare better for an uncertain and concerning economic situation ahead. Also introduced a unique student-centric 360-degree learning experience with a Blended Learning model. The new model was not just a substitution to the classroom teaching, but also aims at combining the online and offline pedagogies in a manner that leverages technology.

Harappa:

GITAM is moving towards Harappa Education, an online learning institution that aims to build professional competencies among students, faculty, and employees using a curriculum designed around foundational habits such as communication, thinking, collaboration, leadership, and problem-solving.

Subject:- Categorization of the Deemed to be University under UGC [Categorization of Universities (only) for Grant of Graded Autonomy] Regulations, 2018.

Sir

As you are aware. UGC is mandated to determine, promote and maintain the standards of higher education in the country. UGC is constantly striving to create an enabling environment whereby higher educational institutions in the country can become institution of global excellence. UGC is also aware that global excellence can be achieved by extending autonomy to better performing institutions for promoting and institutionalizing excellence in higher education.

In order to grant autonomy to the better performing institutions, UGC has notified UGC [Categorization of Universities (only) for Grant of Graded Autonomy] Regulations, 2018 on 12* February, 2018 in the Gazette of India

The proposal received from Gandhi Institute of Technology and Management (GITAM) under the above UGC Regulations has been examined, processed and considered by the Commission in its 530° meeting held on 20.03.2018. The Commission has decided to grade the Gandhi Institute of Technology and Management (GITAM) as Category-I Deemed to be University as per the provisions of the above UGC Regulations. The Deemed to be University shall now be eligible for all the benefits as stipulated under Clause 4 (Dimensions of Autonomy for Category-I Universities) of the above mentioned UGC Regulations However, with respect to Clause 4.3 of the Regulations (pertaining to opening of constituent units/off-campus centres), the Commission is in a process of finalizing certain modalities related to its implementation. The same will be communicated separately.

The Deemed to be University shall inform the UGC about the benefits being implemented from the new academic session. In light of this, the Deemed to be University should acknowledge in writing that it shall strictly comply with all the regulations as mentioned in the provisions (Clause 4) of the University Grants Commission (Categorization of Universities (only) for Grant of Graded Autonomy) Regulations, 2018.

It is further informed that the Deemed to be University shall intimate the Commission about its changed status as per Clause 6 of the said regulations.

Yours faithfully,

(Rajnish Jain) Secretary
